

## **Professor Jens KREISEL**

### **Short Bio:**

Jens Kreisel is since 2023 the Rector of the University of Luxembourg (UL), after being in 2018-2022 its Vice-Rector for Research. He is Professor in Physics and Materials Sciences, with a particular interest in how different physical properties interact and how this can be translated into cutting-edge technology. In addition to his career as a scientist, Jens has acquired over the past decade a large experience in the senior executive management of academic institutions. Before joining UL, he has been the Founding Director of the Department Materials Research and Technology (MRT) at the Luxembourg Institute of Science and Technology (LIST), Director of Research at the CNRS in Grenoble and Dpt. Vice-President of the Grenoble Institute of Technology. Jens is a strong proponent of interdisciplinary approaches to tackle today's complex challenges, from digital transformation to climate change and inequality.
